

Connect with a Customer First Company!

Hubbell Canada LP, Electrical Systems division (HES), is a leader in the design, manufacture and supply of quality electrical and communication products for industrial, commercial, residential, institutional and retail market segments. We currently have an opportunity for:

Product Manager Hubbell Electrical Systems (HES)

Pickering, ON

Reporting directly to the National Marketing Manager HES, you will develop and execute marketing strategies and action plans to achieve marketing and financial objectives. As the subject matter expert, you will be the voice of, and for, your product portfolio, including relevant technical and application support.

You bring your experience in owning a brand and in taking ownership for your products. Using your strong analytical skills, you have demonstrated areas for growth and executed plans to capitalize on said areas. Not afraid to get your hands dirty, you dive into complex issues.

Other activities include pricing programs; advertising and sales promotion strategies; price and margin objectives; sales forecasting of new products and promotions; compilation of statistical data related to market size and share; monitoring key project quotation activities.

In return, we will provide you with a competitive base salary and incentive program, a generous benefits package and a company filled with great people. To apply for the above position, or find out more information, please forward your resume and cover letter in confidence to: hr@hubbell-canada.com.

We thank all applicants, but wish to advise that only qualified candidates selected for an interview will be contacted.
