

YOUNG PROFESSIONALS NETWORK

EFC's Young Professionals Network (YPN) will help you strengthen your professional relationships, gain knowledge and champion your involvement in the industry, as well as develop leadership skills and provide an opportunity for you to give back to your community.

Who can join? Young professionals who are currently employed at an EFC member organization and who are 40 years of age and younger. **There is no cost to join.**

Where? The YPN Program is offered from coast-to-coast. Currently, we have chapters in the Atlantic, Ontario and Quebec regions. We have also partnered with regional electrical associations in British Columbia and Alberta to offer YPN programs to our other regional members.

YPN is based on a three-pillar approach: GATHER, GIVE and GROW

Gather

Gather events provide YPNs the opportunity to meet motivated, driven and like-minded individuals in the industry who share the same vision for professional growth. These types of events are generally social activities such as sports game or team-building activities.

Build your network and connect with YPN

Give

A strong belief of the YPN community is giving back to the community in which we live and work. Funds are often raised at regional events and given to a charity of choice. Since YPN's inception, Habitat for Humanity has been the charity of choice.

Grow

YPN offers several opportunities to grow, including training sessions on topics such as personal branding, social media, leadership, and the art of stress-free living. Most of these events are offered at no cost. We aim to bring only the best and brightest industry leaders and motivational speakers to YPNs. YPN members are also encouraged to participate in EFC's wide-ranging committees, where you can gain insight on industry trends and share your ideas and experiences.

Over 500 young professionals across the country have already joined this program!
