

Introducing Electro-Federation Canada's

2019 Supply Chain Conference

Shorter | Faster | Smarter

November 25-26, 2019

Pearson Convention Center - Toronto

EFC's Supply Chain Conference

The Canadian Electrical industry's first conference centered around supply chain management.

Delegates at this year's EFC Conference in May collectively agreed that *our industry in Canada has only 3 years to prepare for major disruption to our supply chain.*

This event brings together supply chain experts and their company decision makers for a working conference to discuss best practices, including data warehousing, robotics, digitization, VMI, EDI and other emerging trends that will disrupt our future.

Conference Pass \$279

Includes: 2 Days of Conference;
Access to Opening Reception & Dinner;
Day 2 Access to Breakfast & Lunch;
Complimentary Bonus Access to
eComm 101 sessions

Who Should Attend?

Valuestream Personnel
Operations & Production Support
Information Technology Professionals
Systems Network Administrators
Project & Product Engineers
Sales Operations Team
Marketing Leads
Customer Service Leaders
Purchasing & Procurement
Logistics & Warehouse Leads
Distribution & Freight

SHORTER

Shorten your delivery, anticipate the need, optimize freight costs, reduce stock vacancies

FASTER

Improve your delivery, meet customer's demands, more machine to machine, less people, less red tape

SMARTER

Do it once, do it right, outperform... in value and service
