For Consideration - Local Habitats Top Product needs in priority are below. Habitat builds decent, basic homes; therefore, they cannot accept donations of luxury products. Most local Habitats now are also building to best in class provincial green standards. The more we can help them build green, the better end result for the families who save on their long-term utility bills.

Please provide redemption instructions for certificates: _____
 e.g. Can the Habitat representatives redeem the certificates at a EFC wholesaler? OR Should the Habitat representatives redeem the certificates directly with your company? Please consider your anticipated shipping costs if you prefer the second option, as the 56 Habitats are located all across Canada. **Habitat for Humanity Canada will prepare your company’s certificates for your review and approval.**
