4. Product Section Membership:

EFC Manufacturing members can apply to join a Product section.

The product sections bring together member companies to collaborate and shape the respective business environment. Section programs are product specific and services may include:

- Industry support and influence on the development and maintenance of Codes and Standards.
- Liaison and advocacy with Standards Development Organizations, Regulators and Governments.
- Statistical and Market share reports.
- Industry lead marketing initiatives.

Applications are subject to approval by the existing Section Members and require an additional product section fee.

Please review the list of sections and only initial the section(s) where your company produces product and would potentially like to participate.
