Business Section Membership:

Manufacturers may qualify to participate in EFC's Business Sections. Participation is based upon their products falling within the scope of the specific section and approval by the section membership. There is a cost above EFC annual membership dues for participation. The Business Sections bring together like member companies to collaborate and shape the business environment. Section programs are product specific and services may include.

- Development and maintenance of codes and standards
- Advocacy for your company before federal or provincial governments
- Statistical and Market share reports.
- Industry lead marketing initiatives.

Please review the list of sections and initial the section(s) where your company would potentially like to participate.
