### Industry News

**Q1 2026 Business Confidence Poll Results** – Electro-Federation Canada has released the Q1 2026 Business Confidence Survey Results. A total of 123 key association contacts participated in the latest survey, maintaining a stable and representative sample across membership segments. Results show rising optimism, with 78% of respondents expecting sales growth in 2026—an increase from 60% in the previous survey. However, comments continue to highlight ongoing uncertainty, largely driven by concerns around U.S. tariffs. Looking specifically at Q1 2026, 63% of respondents anticipate growth in sales compared to same quarter last year, and 42% expect growth between 1-5%. Demand indicators have strengthened as well, with 63% of respondents reporting steady demand—up from 39% in the previous survey. Supply chain pressure also appears to be easing, with 54% of respondents reporting that these issues are not impacting their ability to serve customers—up from 44% in the previous quarter. *EFC's Business Sections*

**Update: Refreshed Business Section Operating Procedures Approved** – EFC's Business Sections have implemented refreshed Operating Procedures that were approved by the EFC Board of Directors on November 27, 2025, and came into effect on that day. These updates are the result of extensive work throughout 2025 to strengthen how Business Sections operate, collaborate, align priorities, and address technical and regulatory issues that affect our industry. The changes are designed to support stronger coordination and more informed decision-making. [Read more.](#)

**REMINDER: Join EFC's Scholarship Program** – As demand accelerates for electrification, automation, and energy-efficient solutions, attracting skilled and diverse talent has become a critical business priority. By supporting EFC's Scholarship Program, companies position themselves at the forefront of sustainability, innovation, and workforce development. Scholarships can be customized to align with your organization's priorities by geography, discipline, or candidate background valued at \$3,500. There is also an additional \$1,000 Doug Baldwin Memorial Scholarship for University and College Studies option. If your company is interested in participating in the 2026 EFC Scholarship Program, please contact Karen Ewing by February 10, 2026. The 2026 application period is open from February 23 to June 5, 2026. [Learn more about EFC's Scholarship Program.](#)

**EFC's Women's Network Sponsorship Program** – Last year, EFC announced the launch of a new Women's Network Sponsorship Program. If your company is interested in supporting the electrical industry's journey in becoming a career destination for people of all diverse backgrounds, consider becoming a Women's Network regional sponsor.
